

D-MATCH 2

5000 lumen work light for detailing and colour match

The new D-MATCH 2 features a 2 COLOUR LIGHT function. This provides you with the option to choose between 2 different colour temperatures depending on the type of job to be carried out. Typically, the WARM LIGHT (4500K) is useful for bright surfaces, and COLD LIGHT (6500K) is ideal for dark coloured surfaces.

D-MATCH 2 is the strongest and most powerful detailing work light on the market at all, providing up to 5000 lumen.

The new light dimmer function makes it possible to adjust the light into five different levels, 500-5000 lumen.

Supplied with 2 colour temperature options, cold or warm and with solvent resistant glass lens. The body is made of diecast aluminium which makes it extremely sturdy and shockproof to endure even heavy strokes and shocks. At the same time it is dust and waterproof, IP67.

With the new integrated carrying handle, it is convenient to hand carry the lamp. The flexible stand can be used as a hanger and to position the lamp in the desired lighting angle. The stand is designed for direct mounting on the SCANGRIP TRIPOD and WHEEL STAND.
