

The New

Bresle Patch

Better shape, better formula,
stronger and clean.

Is a circle stronger than a square?

The new TQC Sheen Bresle Patch is **stronger**, whilst at the same time has a **clean removal**, **negligible patch contamination**, **no breaking foam** and is **silicone-free**.

- ✓ Test area is equal to the old patch (A1250)
- ✓ Meets ISO 8502-6 specifications
- ✓ Certified and traceable

The Bresle Patch is developed by TQC Sheen and tested by global coating industry leaders.
